### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

There was no prior art found by the examiner that suggested modification or combination with the cited art so as to satisfy the combination of all the limitations in claims 1, 11, 15, 22 and 25.

As to claims 1 and 11, the prior art of record, taken alone or in combination, fails to disclose or render steps or limitations **"a pump light source directing a pump light beam toward selected locations on the wafer, a light detector for detecting light emitted from the wafer; and a pump beam aiming mechanism selectively varying a position at which the pump light beam enters the wafer"**, in combination with the rest of the limitations of claims 1 and 11.

As to claims 15, 22 and 25, same reasons as to claims 1 and 11 above, in addition the prior art of record, taken alone or in combination, fails to disclose or render steps or limitations **"growing epitaxial layers on a substrate defining at least a mirror region and an active gain region" and "performing post-epitaxial growth processing on at least one of the substrate and the epitaxial layers"**.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
